Floco Flow Meter Application Data Sheet

General Specifications

Application Description:

Element

Liquid to be Metered			
Viscosity			
Density			
Pressure	max.	Op. pres.	
Temperature	max.	min.	avg.
Flow rate	max.	min.	avg.
For use in Sour Service? (Y/N)			

Readout Features

Check Those Desired	
Available Power	
Totalizer Units (BBL, GALS, etc)	
Resettable (Y/N)	
Flow Rate Indicator (BPD, GPM, etc)	

Piping Requirements

Check Those Applicable

Flanged		ANSI Rating:	
Threaded		Flow Line Size:	
Downsteam Flow Restriction:			
Meter is Located Upstream of Control Valves (Y/N)			
Other		Describe:	

Company	
Address	
Project Name	
Prepared By	
Approved By	
Department
